

OUR FAMILY CARING FOR YOURS

We are here for you, dedicated to improving our residents' quality of life through our clinical services. Once you arrive our team will be there to meet your every need.

With our resident-centered care program we utilize physician coordination, care conferences, and planning for future needs so that our residents may enjoy life to the fullest.

Nursing & Rehabilitation Center

Caring, from our family to yours

THE SUPPORT YOU DESERVE

At Bonner Springs Nursing & Rehab Center, we realize that whether you're looking for long-term care or a short-term rehabilitation stay, the transition should be a simple process that eases stress for the family.

Passionate and supportive, our staff is here for you every step of the way to ensure that you or your loved one receives the individualized care that they deserve.

Our quaint, 45 bed home offers a more homelike atmosphere than larger facilities by creating a comfortable environment that allows us to provide **caring, from our family to yours.**

TAKE COMFORT IN OUR HOME

Featuring:

- Individualized care plans
- Medicaid & Medicare certified
- AccuNurse voice activated care
- Physical, occupational, and speech therapy
- Medical social services
- Respite care
- State-of-the-art rehab equipment
- 24-hour nursing care
- Private & semi private rooms

THE ROAD TO INDEPENDENCE

Your independence is of the utmost importance to our team of licensed therapists. Working together, we develop a personalized care plan to transition back to the life you love at home as quickly as possible.

Services include:

- Physical therapy focuses on improving coordination, balance, strength, and endurance.
- Occupational therapy improves self-care, and daily living skills.
- Speech therapy to enhance communication, comprehension, and address swallowing issues.
